### HOW YOUR BUSINESS CAN HELP ALDS *'Make a Difference'*

This letter is to request your support by providing us with a donation or alternatively, a donated item that you would consider could be used as an auction item or raffle prize. The money raised from auctions and raffles last year helped to provide families and individuals with many practical items to enhance their lives and comfort.

#### *Some comments from families –*

*What a lovely surprise when I picked up the mail today. We are just about to start a big renovation to our son's bedroom and bathroom so this will be very well used. We really appreciate your help to our family. Our son needs an overhead hoist for the bathroom and an air conditioner in his room to help maintain his correct body temperature. We feel very loved, supported and cared for through your generous donation.*

*I would like to thank you for your assistance. This is unbelievably generous and unexpected. I will keep you informed of how I progress with the WBV exercise machine. Thank you!*

*Thank you very much for your generous donation. It could not have come at a better time and will help me to pay for the treatment which I hope will help in managing my pain and my general health.*

Our support group is one of the few organisations that a family can turn to for understanding, support, education, information and companionship after hearing the news that a loved one has been diagnosed with Leukodystrophy. We have been established since 1992 when Sr. Julie Thomas, a Brigidine nun, was diagnosed with Leukodystrophy and realised there was no support group in Australia to help her. We have maintained a steady track record of growth, focus and integrity since that time.

*Please give consideration to supporting our group, and therefore our families who will benefit greatly, not only from the financial impact of your donation/donated item, but also from the knowledge that there are supporters in the wider community who recognise their struggle.*

I will be pleased to talk to you further if you would like and can be contacted on (03)98452831 or 0418755994. Please leave a message if either of these numbers is unattended and I will get back to you.
